Youth Peer Support Specialist

Youth Peer Support Specialist is a service that is provided by young people ages 18-26 who have lived experience receiving mental health services, and who are willing and prepared to use their experience to support others. Youth Peer Support Specialists provide support to qualifying youth through shared activities and interventions. This Medicaid billable service can be provided individually or in a group setting. Youth that are eligible to receive this service must be enrolled in services within the DWMHA Provider Network

Goals of Youth Peer Support include:

- Supporting Youth Empowerment
- Assisting youth in developing skills to improve their overall functioning and quality of life
- Working collaboratively with others involved in delivering the youth's care

YPS is delivered in three ways:

- **Direct Support:** Providing direct support based on building a relationship of shared partnership, strategic self-disclosure and finding common experiences that building connections between the YPSS and the young person involved in services;
- **Information Sharing:** Sharing information with youth and family members in a way that increases the likelihood that the young person and their family develop natural supports, take control of their own resiliency, and influence all services provided to them;
- **Skill Building:** Through a supportive, equal partnership empowering the young person to build skills that allows them to successfully navigate services, systems and community activities.
