Detroit Wayne Mental Health Authority (DWMHA) ensures that an affirmative statement about incentives is distributed to all enrollee/members, to all practitioners and providers, and to all employees who make Utilization Management (UM) decisions.

All Access Center, Crisis Service Vendor and MCPN practitioners and employees who make Utilization Management decisions understand the importance of ensuring that all consumers receive clinically appropriate, humane and compassionate services of the same quality that one would expect for their child, parent or spouse by affirming the following:

Utilization Management decision making is based only on appropriateness of care, service, and existence of coverage.

DWMHA, Access Center, Crisis Service Vendor, and MCPNs do not reward practitioners or other individuals for issuing denials of coverage or service care.

No Physicians nor any other staff making UM decisions are rewarded for issuing denials of coverage or service or reducing the provision of care which is deemed medically necessary.
